AIR FORCE TODAY

VOL. 24

APRIL 2003

Digital Combat Simulator World (DCS World) is a free-to-play digital battlefield game, focusing on simulation of military aircraft. It includes the F3XK Su-26T and TF-51D aircraft and it is extensible through additional DCS modules as well as user-made add-ons and mods.

DCS World includes a vast mission area of the Caucasus region that encompasses much of Georgia - the location of the Russian invasion of Georgia in 2008.
